

Annual Beach Huts

Beach huts have been part of the British seaside since late Victorian times.

Close to cafes, restaurants and toilets, many of our beach huts are situated on our Lifeguarded beaches; ensuring your safety.

If you prefer the more rural 'away from it all' location, then we have beach huts and chalets at Holywell towards Beachy Head.

Annual rented Beach Huts are located on the Main Resort beaches at Grand Parade, Holywell and the Sovereign beaches.

The huts located on the Grand Parade and Holywell beaches are equipped with two deckchairs; these huts do not have utilities but there are free beach showers nearby.

The Sovereign huts are extra large and equipped with a kitchenette, running water, electricity (via a pre-pay meter). Licences are offered for a minimum period of 12 months.

'What Unearthed?' Inspired by recent local archaeological discoveries where the remains of a young woman dating from 245AD were found.

'The Spyglass' built on a recessed turntable so that the 'picture window' of the hut can be turned to view the rising sun over the shimmering sea and can be turned during the day.

Beach Chalets

Holywell Beach Chalets offer a safe area close to and overlooking the sea for you and your family to use as a daytime base.

There are 69 chalets situated at the western end of the promenade, close to the delightful Italian Gardens at Holywell.

Licences are offered for a minimum period of 12 months.

The chalets are brick built and equipped with a kitchenette, running water, gas and a veranda providing additional sitting space.
