Dear Member & Colleagues

Please kindly see the latest information/advice received from UKHospitality today:

<https://view.publitas.com/ukh/coronavirus-advice-for-hotels-and-the-hospitality-industry-25-02-2020/page/1>

In addition, a gentle reminder from the NHS:

Coronavirus - what you need to know

You've probably read or heard about Coronavirus, or COVID-19, in the news over the past few weeks.

[Visit the website](#) for a list of places where you can get all the latest information and guidance, including information on the virus, advice for travellers, and the current situation in the UK.

- **Catch it, bin it, kill it**

Germs can live on some surfaces for hours, to protect yourself and others:

1. Always carry tissues with you and use them to catch your cough or sneeze. Then bin the tissue, and wash your hands.
2. Wash your hands often with soap and water, especially after using public transport.
3. Avoid touching your eyes, nose and mouth with unwashed hands.
4. Avoid close contact with people who are unwell.

Catch it, bin it, kill it

Take care & kind regard

--
