Dear Member

Our Exec Member Shoes has kindly notified us that the portal for grant applications is now up and running. No one has received the official email yet, however we know how important this is so wanted to let you know the link and details. I have just managed to register on it myself, and it is quite straight forward to use. Although it has been a tad slow, which is due to the high traffic.

I've pulled together this basic document of how the process happened, in case it's of help to you. Below is the link you will need to follow.

If you have any queries, please let us know.
